FOR IMMEDIATE RELEASE:

June 9, 2010

Mitchell Attains Engineer-In-Training (E.I.T.) Designation and Promotion

Lenexa, Kansas

Kaw Valley Engineering, Inc. (KVE), provider of consulting civil and geotechnical engineering services, is proud to announce that Adam Mitchell has successfully completed his Bachelor of Science degree in Civil Engineering and has become an Engineer-in-Training. Upon attainment of his E.I.T. he was promoted from Engineering Technician II to Engineer-in-Training. He is a member of the Geotechnical Engineering department in KVE's Lenexa, Kansas office.

Adam Mitchell graduated in May 2010 from the University of Missouri – Kansas City with a Bachelor of Science degree in Civil Engineering. He previously earned a Bachelor of Science degree in Ecology from the University of Illinois. Adam joined KVE's Lenexa office as an Engineering Technician I in March 2003.

During his seven year tenure at KVE Adam has obtained extensive experience in both field and laboratory construction materials testing. Adam has attained extensive professional registrations including those with the American Concrete Institute (ACI), Kansas Department of Transportation (KDOT) Inspection, and National Institute for Certification in Engineering Technologies (NICET) for soils, asphalt and concrete.

About Kaw Valley Engineering:

KVE is a full-service civil engineering firm, providing civil engineering, geotechnical, environmental, surveying, steel inspection, welding inspection, construction inspection and materials testing services throughout the Midwest. KVE has offices in Junction City, Kansas; Lenexa, Kansas; Salina, Kansas; and Kansas City, Missouri. Kaw Valley Engineering – Designing the ground where we live, work and play since 1982.
