FOR IMMEDIATE RELEASE:

July 12, 2010

Loader Attains Professional Land Surveyor License in Missouri

Junction City, Kansas

Kaw Valley Engineering, Inc. (KVE), provider of consulting civil and geotechnical engineering services, is proud to announce that Jason R. Loader has successfully completed his Missouri Professional Land Surveyor (P.L.S.) exam and experience requirements for licensure in that state. Jason earned his Kansas Registered Land Surveyor (R.L.S.) license in 2007. Jason is the Director of Surveying Services for all Kaw Valley Engineering, Inc. offices.

Jason Loader graduated from Kansas State University in Salina with an Associate of Science degree in Civil Engineering Technology with a Surveying Option. Jason started his KVE career in the Junction City office in August 1999. He is a member of the Kansas Society of Land Surveyors, the Missouri Society of Professional Surveyors, and the National Society of Professional Surveyors.

Jason has eleven years of professional experience with all aspects of land surveying which include: cadastral surveys, property surveys, topographic surveys, ALTA/ACSM land title surveys, and construction layout surveying. He has extensive knowledge of modern technologies used in surveying, consisting of GPS, robotic total stations, and office software.

About Kaw Valley Engineering:
